

Livia Pivetta Piccinni

DON'T WORRY ABOUT ANYTHING YOU MAY DO TODAY,
THIS EVENING YOUR DOG WILL STILL LOVE YOU JUST THE SAME!

This may be my slogan, always be happy and kind to your dog, always smile when doing agility, we are lucky people to spend some time in running in this wonderful sport with our dogs !

I started doing agility in 1996 with my dobermann , then I had a border collie and now I am starting preparing my sheltie puppy for competitions, even if my personal time for agility is really too short, judging practically almost every weekend. I am a border collie and sheltie breeder also.

In my life, I work as a physiotherapist so I really like safety and fluid courses for dogs. I always hope to see competitors smiling when coming into the course but even more when going out ... because dogs don't mind if we were not good in the course today or if we won, they are always happy !
